Sir,

Subject - Acquisition of S No 152/1 of Ajjampura Town, Tarikere Taluk for the construction of Electrical Colony buildings

---

Acquisition of lands in Kadur Village, required for the construction of Electrical buildings and residential quarters

---

I have the honour to invite your kind reference to Kadur District Deputy Commissioner's letter No A4-L A 6/41-42 dated 29th June 1943 and No A4 L A.15/41-42 dated the 26th June 1943, on the above subject, and to state that the assumption made by the Deputy Commissioner that the electrification of the town is not likely to be taken up in the near future is not quite correct In fact, the estimate has been sanctioned and the poles on the Transmission Line and Distribution have been erected The copper wire required for the work has been received The necessary step-down transformers to step-down the voltage from 78 kV to 4600-volts have been ordered and are expected to be received by about August of this year Immediately these are received, arrangements will be made to take up the work and complete it, as the half-completed portion cannot be left indefinitely Therefore the acquisition of the land required for the Electrical Colony is a necessity and I am writing the Deputy Commissioner to arrange for the acquiring of the lands, as the electrification of the town has not been abandoned

I therefore request you to kindly with-hold action on the letters of the Deputy Commissioner referred to above until you hear from me further

I have the honour to be,
Sir,
Your most obedient servant,

General Superintendent, CPS
